

X-Smart® Go

Cordless Endo Motor with Integrated Apex Locator

Mobility without compromise

Our most powerful cordless endo motor
(Up to 6 Ncm torque and 2,500 rpm)

Engineered to maximize
Dentsply Sirona file performance

Accurate, real-time apex location

24-month warranty¹

The X-Smart® Go cordless motor is the right partner for your file.

Ready to take your endo procedures to the next level? X-Smart® Go is our most powerful cordless motor ever—engineered to maximize the performance of Dentsply Sirona endodontic file systems. With an accurate, real-time apex locator, clinicians can streamline the shaping procedure—moving freely and working flawlessly. And it's all backed by a 24-month warranty and wireless upgrade capabilities.
